A Greek Lexicon and Greek New Testament. A variety of Greek lexicons and New Testaments are available, both in printed and electronic formats. Some of the most useful lexicons for the beginner are the following:

- *Greek-English Dictionary of the New Testament* by Newman, United Bible Society
- *Thayer's Greek-English Lexicon of the New Testament*
- *Shorter Lexicon of the Greek New Testament* by Gingrich, University of Chicago

The most common Greek New Testaments are the following:

- *The Greek New Testament According to the Majority Text*, Hodges, ed., Thomas Nelson
- *The Greek New Testament*, Nestle-Aland, ed.
- *The Greek New Testament*, Aland, ed., United Bible Society

The first of these follows the Greek text used in the King James Version, while the second and third represent the readings used in many modern versions.
