

Sequence of Telos Courses for Associate of Arts in Music Ministry Degree:

This information is provided to help students and their parents gain an understanding of the course sequence needed to fulfill the Telos portion of the Music Ministry Associate of Arts degree. It is important to emphasize that this is only one of many possible sequences. Many of the music courses through the International Academy of Music may be taken starting as early as age 14. Students need to consider the advantage of taking their music courses in their high school years and participating in the Telos Early Enrollment program. This program allows students to enroll in Telos courses during the last year of their high school education. Students should also consider the option of taking courses during the summer semesters.

(Semester hours are shown in parentheses. The total Telos hours equals 31.)

The following schedule outlines a suggested order of courses. Students are not required to take the shown hours each semester.
